INTERNSHIP

Web Development-CodSoft

Sep 2024

- **About:** During my internship at Codsoft, I developed a range of projects, including a sleek portfolio website, a modern landing page, and a functional calculator application. I utilized HTML, CSS, and JavaScript to create responsive and interactive web experiences, demonstrating my skills in front-end development. This hands-on experience allowed me to refine my technical abilities and gain practical insights into real-world project implementation.
- **Techstacks used:** HTML, CSS, Javascript

PROJECTS

Portfolio, Landing page, Calculator:

sep 24-sep 24

My portfolio features a sleek, responsive website built with HTML and CSS, showcasing my design and development skills. The landing page project highlights a modern layout with engaging visuals and smooth navigation. Additionally, the calculator project, developed using JavaScript, demonstrates my ability to create interactive and functional web applications. Each project emphasizes practical application of front-end technologies, ensuring optimal user experience and performance across devices.

Tech: HTML, CSS, Javascript.

Bakers delight:

Jan 24-jul 24

Developed a fully functional website for "Bakers Delight" featuring a user-friendly interface for browsing products, placing orders, and secure payment integration.

Tech: HTML, CSS, Javascript
